PRODUCT MANAGER | AI PRODUCT STRATEGY & NO-CODE PROTOTYPING

PROFESSIONAL SUMMARY

Forward-thinking Integrated MBA candidate specializing in International Business, combining a strong foundation in product strategy with hands-on digital marketing execution. Highly proficient in utilizing cutting-edge AI stacks to automate product workflows, draft PRDs, and conduct deep user research. Proven track record of leading cross-functional creative projects from concept to launch, optimizing for stakeholder alignment and digital audience engagement.

TECHNICAL STACK & CORE COMPETENCIES

- Strategy & Feature Scoping: Claude, ChatPRD, Kimi AI (Agent Swarm workflow automation, PRD drafting)
- User Research & Discovery: Granola (AI meeting notepad, pattern-matching repository), Perplexity, NotebookLM
- Prototyping & Development: v0 by Vercel (Generative UI), GitHub (Code versioning, codebase inspection)
- Execution & Cross-Team Ops: Linear, Jira, Gamma.app (AI presentation decks & backlog automation)
- Strategic Frameworks: Design Thinking (Human-Centered Problem Solving, Prototyping)
- Execution & Leadership: Project Management, Logical Persuasion, Stakeholder Alignment, Cross-Functional Collaboration
- Digital & Growth Marketing: Digital Strategy, Social Media Marketing (SMM), Influencer Campaigns, Audience Engagement

PORTFOLIO PROJECT: UBER COMMUTE LOCK (AI-AUGMENTED FRAMEWORK)

AI-Augmented Product Management Framework

- Conducted qualitative user interviews, leveraging Granola to capture deep customer patterns and extract exact feature-request quotes without disruptive bot overlays.
- Co-authored a comprehensive PRD via ChatPRD and Claude, purposefully prompting system constraints to engineer solutions for high-concurrency 9:00 AM API spikes and dynamic driver micro-bonuses.
- Used Kimi's parallel multi-agent search to analyze competitor failure states and scrape app store reviews for ride-hailing churn trends 4x faster than standard search methods.
- Leveraged v0 by Vercel to generate a functional mobile UI prototype, utilizing GitHub to track frontend iterations and review technical architecture patterns.
- Structured an executive strategy framework using Gamma to align technical guardrails with long-term business retention metrics.

PROJECTS & EXPERIENCE

Project Lead & Producer | Independent Media Project – 'Ye Rasta Jata Kaha' | 2025 – 2026

- Spearheaded end-to-end production operations, cross-functional team management, and talent casting for a standalone music video and album launch.
- Formulated and executed a comprehensive digital marketing and growth strategy, serving as the marketing head to maximize audience reach and engagement across platforms.
- Authored creative assets and script elements as the lyricist, ensuring strong alignment between content strategy and core audience demographics.

Web Content & Marketing Lead | Personal Brand & Digital Platforms | 2020 – 2023

- Managed end-to-end web content strategy, scriptwriting, and production for a dedicated YouTube channel and digital blog/vlog platforms.
- Designed and optimized ad placement logic and content scheduling to systematically scale audience reach across digital ecosystems.
- Administered content databases and content management tools to systematically analyze digital traffic and optimize audience engagement patterns.

Human Resources & Marketing Volunteer | Educational Management & Development Initiatives | 2020 – 2023

- Collaborated directly with wider development and engineering teams to oversee design, branding, and cross-functional marketing collateral.
- Maintained student and volunteer databases while developing tailored content strategies for multi-channel classroom management systems.
- Analyzed audience trends and localized community needs based on legacy data insights from regional social work groups.

Project Head & Coordinator | Rotaract Club | 2020 – 2023

- Coordinated large-scale public events, managing public crowds, guiding logistics, and maintaining clear communications across diverse demographics.
- Fostered stakeholder alignment and logical persuasion across a broad network of volunteers, ensuring strict timeline adherence and event delivery.
